

Features

- In-built PIR motion sensor
- Dimmed brightness until movement to prolong battery life
- 5 days redundancy (from full charge)
- Separate solar panel with 3.5m lead
- Automatic night time operation
- Full powder coated aluminium housing

Applications

Suitable for perimeter lighting, external doorways, driveways or areas where you can't easily access AC power.

Part no.	SML-010CB
Power (W)	10
Colour temp	Daylight, 6000k
Lumen (lm) - Full	1,000
Lumen (lm) - Dimmed	50
Light source	SMD LED
Beam angle	120°
Power requirement	Solar panel north facing
Solar battery	3.7V 800mAh
Charging time	9 hours (from 0 - 100%)
Redundancy	~ 5 days
Housing	Aluminium
Operating temperature	-25°C~+65°C
Light dimension (mm)	Length: 243 Depth: 92 Height: 121
IP rating	65
Warranty	2 years
